

培童 NURTURING THE YOUNG

Established in 1948, Pei Tong Primary School carries a rich heritage of nurturing young minds. Pei Tong (培童) means to "nurture the young", and it reflects our core belief in cultivating well-rounded individuals.

We believe in going beyond academics, fostering a caring environment guided by six core values: care, respect, integrity, responsibility, resilience, and excellence.

At Pei Tong, strong relationships between students, teachers, and parents create a foundation for success. We strive to develop passionate learners, resilient individuals and gracious citizens who will contribute meaningfully to society.

STUDENT VOICES

During my years at Pei Tong, I learned that the school's core values—Care, Respect, Integrity, Responsibility, Resilience, and Excellence—are much more than just words. They shaped me into a more passionate learner, resilient student, and caring individual.

Joy Tan, class of 2023

When I was in Primary 1, I was rather mischievous back then. My Primary 1 form teacher, Mr Jonah Lim, was always there for me whenever I got into trouble or when I needed someone. Our friendly school counsellor, Ms Eileen, was also very caring and helpful in guiding me along the way.

Raynn Tan, class of 2021

Pei Tong has helped me to realise that what I'm doing in school now matters. For example, the various CCE and ECG lessons opened my eyes to the diverse types of jobs which I have never realised existed before, and it has helped me to consider and plan my future properly.

Nurin Batrisyia, class of 2018

LEARNING EXPERIENCES

Curriculum

Authentic learning is our key to developing passionate learners. This builds their resilience, confidence and future readiness. They are encouraged to excel in a caring environment.

Co-Curriculum Activities (CCAs)

Clubs

- English Language, Drama and Debating
- Environmental Science
- Info Comm Technology

Uniformed Groups

- Brownies (Girls)
- Boys & Girls' Brigade

Physical Sports

- Badminton
- Basketball
- Football (Boys)
- Table Tennis

Visual and Performing Arts

- Art & Crafts
- Choir
- Modern Dance
- Percussion Ensemble

SIGNATURE PROGRAMMES

Applied Learning Programme (ALP) - P.L.A.N.E

PLANE (Pei Tong Learn And Nurture the Environment), adopts STEM as its strand and Sustainability for its contextual theme. Coding is one of the key approaches to teaching students computational thinking as it is part of problem solving.

Learning for Life Programme (LLP) - I'MADD

We believe in providing students with a deeper understanding of Music, Art, Dance and Drama. Through the exploration of the Arts, our students can discover their talents and develop their confidence to express themselves. One of the key highlights of our LLP is an annual musical by our Primary 3 students.
